

These are recommended books for my students, which go with the exam boards i follow, for Home Education.

KS2/KS3/GCSE/IGCSE Math

I suggest to use my worksheets for package members, which come with video help, CGP books, and such are great to use, but sadly these lack video help, so i would advise trying to use my worksheets or even youtube videos.

KS3/IGCSE Science

KS3 Science : I suggest using the Single Science IGCSE Textbook, not designed for ks3, but would be a better investment, alternatively get the KS3 Science CGP book, but i would still recommend Single Science IGCSE Text book as a better alternative

IGCSE Now you have 3 options, full science, double science or single science. I made a video going through exam boards for science here to watch
